Mechanism of internal/ external assessment is transparent and the grievance redressal system is time- bound and efficient

DKD College is affiliated to Dibrugarh University. The college as such follows the evaluation procedure of the university. Several initiatives have been taken by Dibrugarh University from time to time to upgrade and enhance examination reforms. The university introduced Choice Based Credit System to semester pattern in both UG and PG level method from session 2019-2020. CGPA method of evaluation is applied in all the CBCS courses. All in semester and end semester examinations are conducted according to the rules of the affiliating university. However, the college adopts the following measures for continuous internal evaluation (CIE):

1. The in-semester examinations consist of two sessional examinations, seminar/ group discussions, home assignments and attendance.
 2. Besides this, periodical class test (both oral and written), quizzes etc are organized by the departments.
 3. 75% attendance out of total classes is made compulsory for students. However, relaxations are given to students who have low attendance due to participation in NCC, NSS.
- An orientation programme is organized at the beginning of each session where the students were made aware of the attendance, examination as well as all other rules and regulations of the college.
 - Two sessional examinations are conducted centrally by an examination committee which is constituted for three years.
 - The committee decides the date of examinations according to the academic schedule given the university.
 - The results of the sessional exams are displayed in the notice board and answer scripts are shown to the students in their respective classes.
 - For any exam related grievances students have to apply for re- scrutiny in prescribed format. Later the principal forward them to university for rectification.
 - The students can also take the help of RTI for redressing grievances if they are not satisfied with the re-scrutiny marks.
 - The college provides scope for re-evaluation of answer scripts if the students are not satisfied with the marks given to them.
